# The Impact of Workplace Giving

Workplace giving is a simple and tax effective way for employees to make donations to a cause they care about. These donations help Yalari educate and empower Indigenous students from remote and regional Australia.

#### Make a Difference

Workplace giving allows employees to provide lifechanging educational opportunities for Indigenous students from remote and regional Australia by making a regular, tax-deductible donation to Yalari through your employer's payroll system.

#### Convenient

You don't need to collect and present receipts to claim at the end of the year for a tax refund. The donation is taken from your employee's pre-tax salary, and the donation is automated with their payroll cycle.

#### **Tax Effective**

Donating from your employees pre-tax income means a lower upfront cost for them, as the tax benefit applies immediately.

#### **Improves Workplace Culture**

Workplace giving brings staff together around a common cause. Many employers choose to match staff donations or donate a fixed amount, to increase the impact and boost staff morale.

"I'm a big believer in the power of education and its ability to open up important opportunities for children. Workplace giving is an easy way for me to know that each month my contribution is making an impact." Todd, Workplace Giving Donor

## Thank you!

We appreciate the growing community of businesses who are supporting Yalari through workplace giving.

"At Wilsons Advisory, we were looking for a way to get our team working collectively in a meaningful way, so workplace giving was a fantastic choice. It makes our staff proud to be working together to make a measurable, tangible difference. We feel it's not just a donation; it's a partnership with Yalari who are supporting Indigenous young people and leaders." **David McCrory, Wilsons Advisory**
